Friday

8:55am	Roll Call; Welcome – Zoom meeting ID 614-6877-0865 Password 7cbvCQ
9:10am	<p>Genius Hour</p> <ol style="list-style-type: none"> Watch the following video introducing Genius Hour: https://safeYouTube.net/w/53J7. There are 3 basic rules with Genius Hour <ol style="list-style-type: none"> You have to research something You have to create something You have to present something <p>However, for today, you will be brainstorming ideas. DO NOT GO AHEAD WITH ANYTHING ELSE, until you find out what is expected of you.</p> Use the Genius sheet attached (on Google Classroom) to brainstorm ideas. You do not have to narrow it down yet. Just try to think of some ideas. Over the weekend, you will need to think about how you would prefer to work on this project – remembering that this will take at least a term. You could document your work - <ol style="list-style-type: none"> Digitally – you will need to see your class teacher about setting up in your Google Drive Hand written – find a project book or folder to document everything <p>NB this has nothing to do with your final product – you can have a completely non digital documentation of your progress but still have a digital product.</p> Remember – THIS PROJECT IS TO TAKE A TERM TO COMPLETE.
9:55am	Crunch 'n' Sip Break
10:10am	General Knowledge Quiz Google Classroom
10.30am	Reading Continue with Novel Study

10:55am	Recess Break
