

What has not changed?

Schools will continue to enrol students who live in their local intake area, regardless of the school's cap status.

Enrolment procedures for students accessing particular education settings (for example selective schools, distance education, specialist support classes for students with disability, Intensive English Centres) are not affected by the revised policy.

In schools with available places, there are no changes to enrolment rights of siblings of non-local students. Each enrolment application is considered on its merits, including if siblings currently attend the school. If the school is below capacity, out-of-area applications for siblings of current students will be given enrolment priority.

Schools will continue to provide families with support and advice during the enrolment process, including assessment of exceptional and compelling circumstances particularly for vulnerable students and their families.

Schools will also continue to apply the policy fairly and consistently using transparent and accountable processes when making decisions about enrolment applications. Parents have a right of appeal to determine whether the stated processes have been applied in a procedurally fair manner.

But what do the changes mean for me?

What if my child is already enrolled but we do not live in that school's intake area?

Your child will remain enrolled at the school as the revised policy does not affect students already enrolled in NSW Government schools.

We were in area when my child was enrolled in the school. The department has since changed the school's boundary and our residence is now out of area. I have other children and I want them all to go to the same school. What are my options?

At times it is necessary for the department to make adjustments to a school's local enrolment intake area. This could mean a family with a child/children already enrolled is then outside the local intake area. When this happens, the family will still be able to enrol siblings together at the school, regardless of whether the school is over the buffer or cap.

I already have a child enrolled as an out-of-area student in a NSW Government school. Can I enrol my other children at that school too?

This will depend on the capacity of the school:

- If the school is **not near its buffer**, then siblings should be able to be enrolled at the school. In fact, siblings of students currently enrolled will be prioritised, where possible, over other non-local enrolment applications.
- If the school is **nearing its buffer**, then the school will form a non-local enrolment panel. The panel considers non-local enrolment applications when the number of non-local applications received exceeds the number of places available below the buffer. Again, in this instance, siblings of students currently enrolled will be prioritised, where possible, over other non-local enrolment applications.
- If the school is **at capacity**, it will not accept non-local enrolment applications unless there are exceptional circumstances.

I have already accepted an offer for my child to attend a school in 2020 that is not my local school. What happens now?

The enrolment will proceed. Non-local enrolments accepted before Term 4 2019 for students starting in 2020 should not be affected.

What is the criteria for enrolment in a school that is not my local school?

Schools that are able to accept non-local enrolment applications establish a non-local enrolment selection panel, if demand exceeds the number of places below the school's buffer.

Schools are required to make the selection criteria available to the school community.

My circumstances are challenging and I think this school is best for my child. We live outside the school's intake area. What should I do?

We understand that not everyone's circumstances are the same, and that there are instances where exceptional and compelling circumstances will need to be considered. If this is the case, you should talk to the principal of your local school.
